

MI SAFE START TRANSITION UPDATE

Because of the steps Michigan has taken to slow the spread of COVID-19, we're able to begin safely and carefully reopening our state. **Although Gov. Whitmer's Stay Home order is still in effect**, several additional activities may resume as long as residents remain vigilant and take precautions to protect themselves and their loved ones from the virus.

Small group gatherings of no more than 10 people may resume immediately,
but residents are encouraged to continue taking precautions like wearing masks and regularly washing their hands.

BEGINNING MAY 26

**The following activities may resume statewide
with appropriate safety practices in place:**

- » Shopping at retail stores by appointment.
- » Visiting motor vehicle showrooms by appointment.

BEGINNING MAY 29

**The following activities may also resume statewide
with heightened safety protocols:**

- » Elective medical and dental procedures.
- » Veterinary care for pets.
