STAY HOME. STAY SAFE. MICHIGAN.GOV/CORONAVIRUS

STAY HOME. ESPECIALLY IF YOU FEEL ILL.

IF YOU MUST GO OUT, WEAR A MASK & PRACTICE SOCIAL DISTANCING.

KEEP HANDS WASHED AND AVOID TOUCHING YOUR FACE.

XXX

There's no question that the past few weeks have been difficult for all of us, especially for those who have lost family, friends and loved ones in the fight against this virus. We still have a vital role to play in stopping the spread of this virus and protecting the lives of our neighbors — staying home as much as possible. Extending the Stay Home, Stay Safe order is really our best way to save lives and finally bring this crisis to an end.

THE STAY HOME, STAY SAFE ORDER WILL REMAIN IN EFFECT UNTIL APRIL 30, 2020.

SERVING OUR CRITICAL NEEDS

Gov. Whitmer's newest executive order includes additional businesses that may remain open to meet our communities' critical needs:

- » Retail stores that sell products necessary to maintain the safety, sanitation and basic operations of residences, including convenience stores, pet supply, auto supplies and repair, hardware and appliance stores.
- » Laundromats, coin laundries and dry cleaners.
- **PROTECTING** MICHIGAN WORKERS AND COMMUNITIES

We may never be able to fully express the depth of our gratitude for the Michiganders who risk their own safety to serve our communities during this crisis, but we can ensure their employers do their part to mitigate the threat of COVID-19. Gov. Whitmer's newest executive order requires open businesses to:

- » Restrict workers on premises to those absolutely necessary for operation.
- » Allow remote work as much as possible.
- » Maintain social distancing for workers and customers as much as possible.
- » Enhance cleaning and disinfecting protocols and practices.

Big Box retail stores (50,000 square feet or larger) must also:

- » Only allow sales of products and services that are directly required to protect and sustain life.
- » Prohibit access to products such as carpet or flooring, furniture, garden centers, plant nurseries and paint.

- » Hotels and motels that do not provide access to the gym, dining, entertainment and meeting facilities.
- » Auto dealerships to facilitate electronic sales or lease returns, or to deliver automobiles to customers while prohibiting customers inside the dealership.
- » Prohibit workers with COVID-19 symptoms from entering the business.
- » Develop a COVID-19 preparedness and response plan.
- » Regulate customer access to the store.
- » Use curbside pick-up to reduce lines and in-store access.
- Create shopping times for seniors, pregnant women and vulnerable populations.
