## UIA AUTHENTICATION UPDATE

## TIPS TO PREVENT UNEMPLOYMENT IDENTITY THEFT

- » When individuals file a claim for unemployment, they receive a written Monetary Determination letter. If you receive this letter and have not applied for benefits, or the name listed is not yours, be sure to contact UIA immediately online at [Michigan.gov/UIA](https://Michigan.gov/UIA) and click on the "Report Identity Theft" icon or call the customer service hotline at (866) 500-0017.
- » If you believe you're the victim of identity theft, you can place fraud alerts on your credit reports for free through Experian, TransUnion and Equifax. You only need to contact one credit bureau and they will contact the others for you.
- » Always remember:
  - Guard your Social security number. Give it out only when absolutely necessary.
  - Never respond to unsolicited requests for personal information like your name, birth date or bank account number by phone, mail or online.
  - Shred your receipts, credit card offers, account statements and expired cards to prevent individuals from acquiring your personal information.
  - Review your credit report at least once a year to be certain it doesn't include accounts you haven't opened.
  - You can access your free annual credit reports from [Experian](https://Experian.com), [TransUnion](https://TransUnion.com) and [Equifax](https://Equifax.com) at [annualcreditreport.com](https://annualcreditreport.com) or by calling (877) 322-8228.
