

# STATE REPRESENTATIVE CHRISTINE MORSE

*Fighting for You in Lansing*

I was recently sworn in as our next state representative. I'm humbled to serve during the 101<sup>st</sup> Legislature.

## My Priorities for this Legislative Term

1. Increasing education funding for all Michigan students through quality early education programs, additional per-pupil funding, and expanding financial aid for college tuition.
2. Protecting and expanding health care for Michigan families by increasing transparency in health care costs, increasing accessibility, and helping our communities recover from the economic and health impacts of COVID-19.
3. Building strong infrastructure including safe drinking water, clean air and better roads and bridges for working families and businesses.

## Introducing Myself

For those of you still getting to know me, I graduated from Michigan State University with a degree in Political Science and Pre-law. I continued my education at Wayne State University Law School from which I graduated in 1998. I have practiced law in both Michigan and California.

My family and I settled in Kalamazoo in 2010 after my husband completed his Navy service. Since then I have survived breast cancer, raised my children and been an active community volunteer.

Seeing a need for transparent and accessible leadership in our community, I ran for

Kalamazoo County Commission in 2018 and served on the Commission from 2018 to 2020. Local governing experience highlighted the need for true representation at the State level, so I ran to be a leader who listens to her community.

## Rep. Morse Announces Committee Assignments

Earlier this year, I was appointed to the **House Committees on Energy and Health Policy**. As a cancer survivor, I have a unique understanding of the challenges Michiganders face when navigating health care systems.

I will work to enact policies here in Lansing to ensure all Michiganders have access to quality health care, regardless of preexisting conditions. I'm excited to work to modernize Michigan's energy policies as well, with a necessary focus on clean, renewable energy.

Dear friend,

I would like to take this opportunity to reach out to you in my new role as state representative for Michigan's 61st House District. I began my first term in the Michigan House of Representatives in January, serving in the 101st legislative session. I am honored to be able to serve the families of our communities.

My job as your representative is to ensure your government is working for you by prioritizing the issues you care about in Lansing. To do this, I will rely greatly on your input to guide me, and I urge you to reach out to me or my staff with any comments, questions or concerns you might have regarding our community and state.

## Join Me for Coffee Hours

I will be holding virtual coffee hours on the **last Friday of every month from noon to 1 p.m. on Facebook Live**.

You will be able to find the events on my Facebook page at that time.

I hope you can join us for these important conversations about issues affecting our community and state!

STATE REPRESENTATIVE
