WHY YOU MIGHT WANT TO CONTACT MY OFFICE

Suggest Solutions: If you have ideas to improve the laws in our state, please feel free to share your suggestions. After all, our government is "by the people, for the people."

Comment On Legislation: If you want to express your opinion about legislation or learn more about what we're working on in the Legislature, my office can answer your questions or keep me informed of your comments. Your opinion counts! When you want to show that you support or oppose a bill, writing a letter or email is often the most effective way to communicate.

If You Need Help: If you have problems related to a state government issue, my office can try to resolve them. You are also more than welcome to contact us with issues in the community outside of government business. After all, I am here to serve you, and remain committed to doing so in any way I possibly can.

No "Wrong" Reason: Any comment, question or concern is welcome. If your issue would be more appropriately addressed by a different unit of government, I will help direct you. But remember, I am here to serve YOU and your family.
